COLOR JOLT QUILT

Online Tools

Thank you for purchasing the Color Jolt Quilt pattern! This PDF document includes resources to support you in creating your quilt, including:

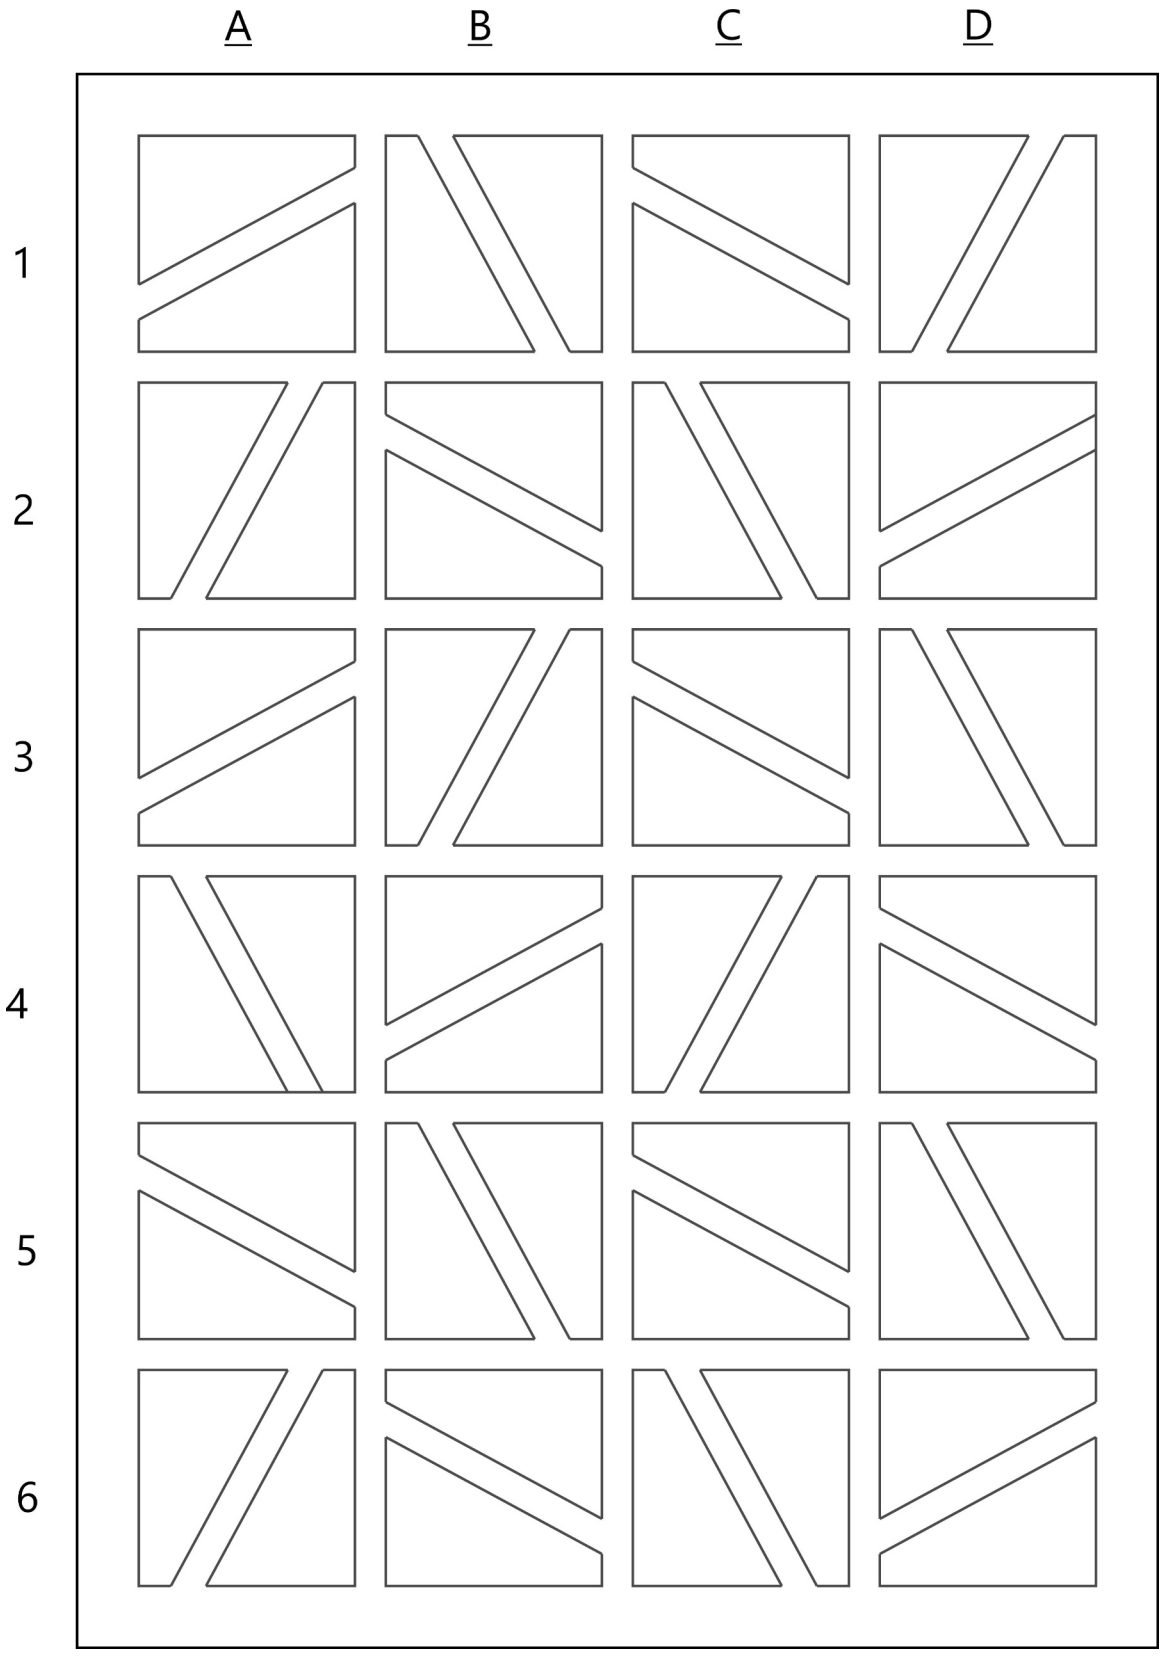
- Coloring Pages
- Visual Cutting Guides
- Trapezoid Cutting Chart / Planning Tool
- Cutting Templates
- Paper Piecing Templates

In addition to these tools that complete the print pattern you purchased, there is a complete set of bonus tools available as a separate file. It includes a number of layout options and tracking tools, including **a complete cutting and layout guide for recreating the ombre, throw-sized** layout on the pattern's cover quilt. You can download that here: www.sparklestash.com/colorjolt

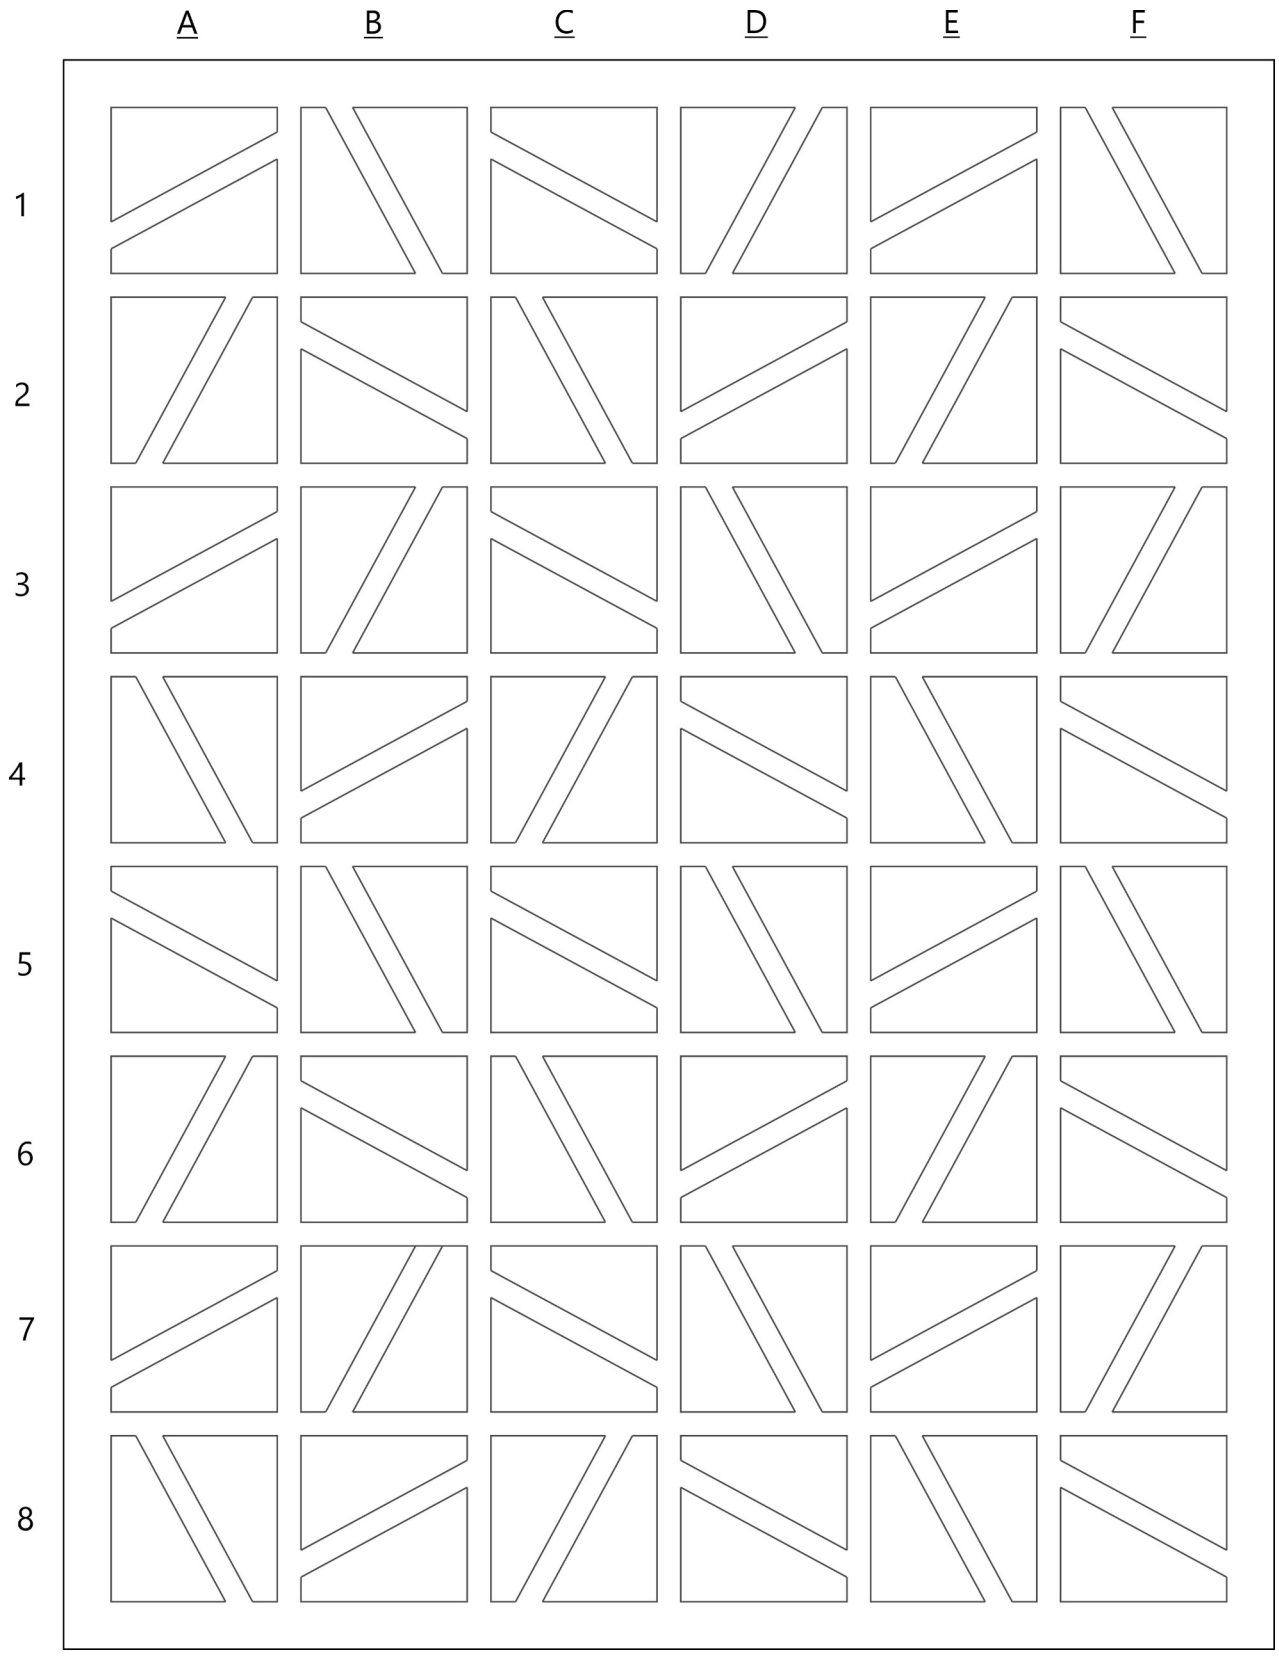
Happy Quilting! Share your project on social media using the hashtag **#ColorJoltQuilt**.

Feel free to tag me (@sparklestash). I'd love to see what you make!

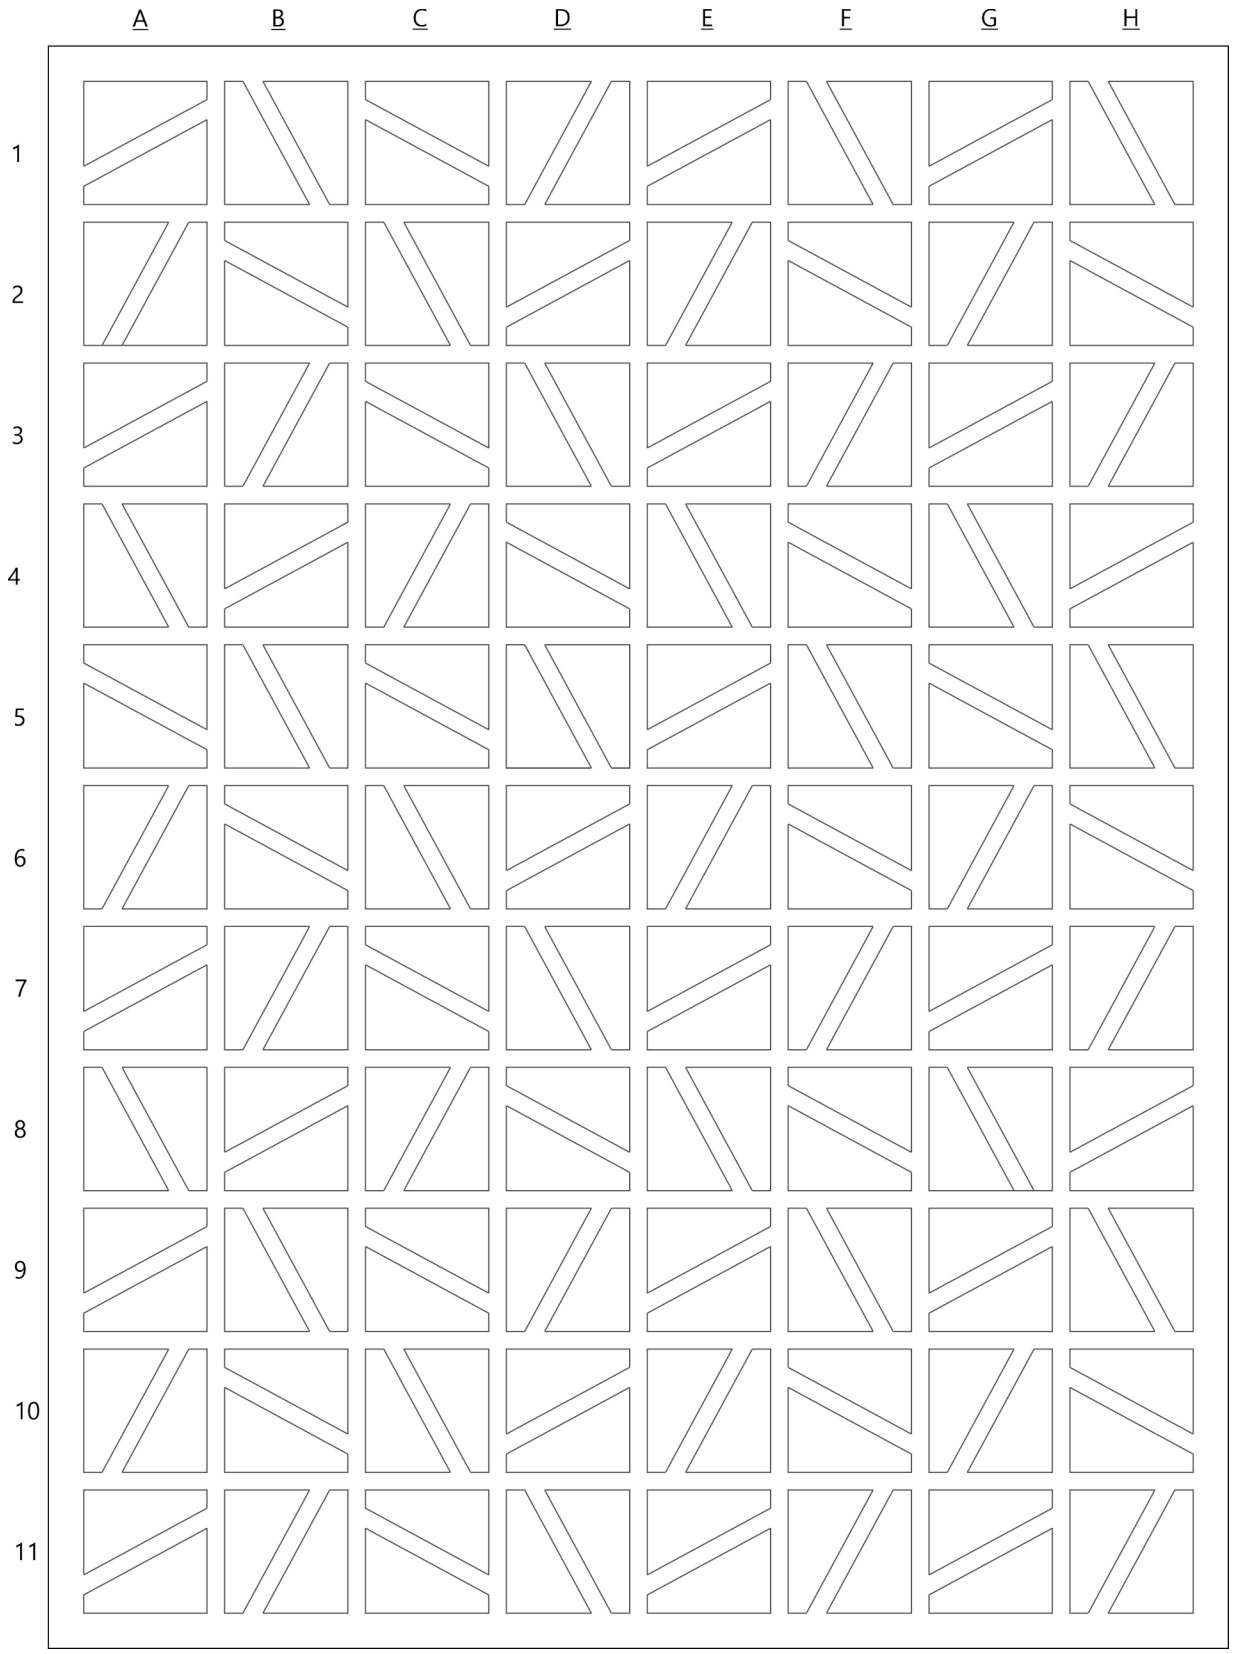
COLORING PAGE: CRIB SIZE QUILT



COLORING PAGE: THROW SIZE QUILT



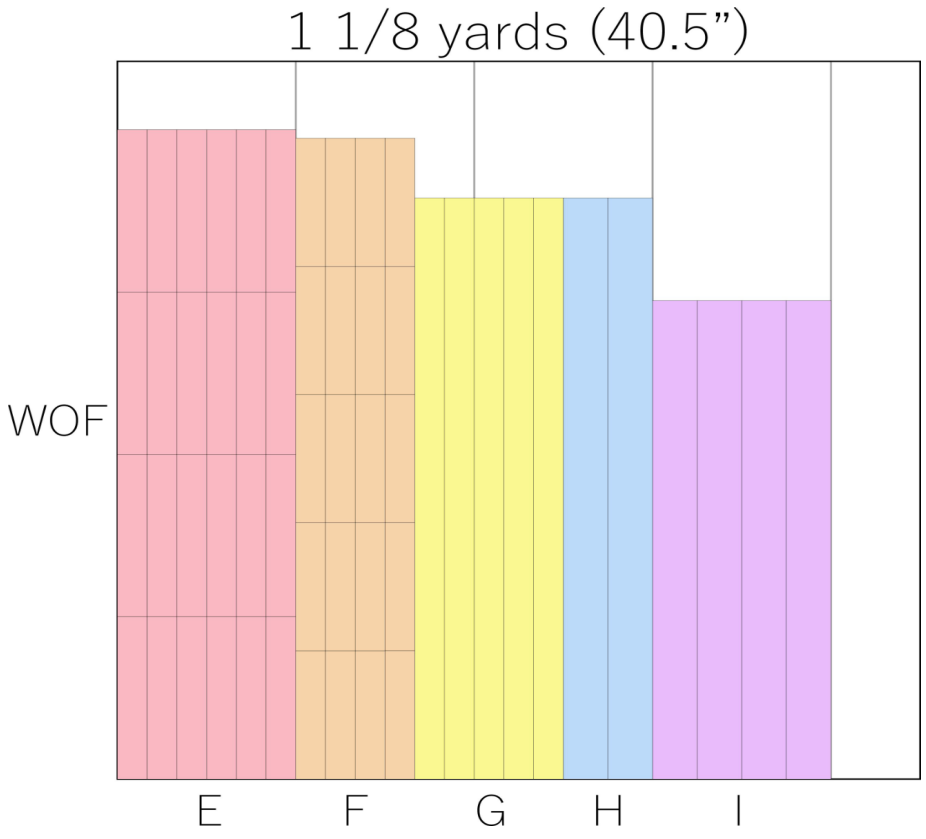
COLORING PAGE: TWIN SIZE QUILT



VISUAL CUTTING GUIDE: CRIB SIZE QUILT

CRIB – 1 1/8 yards		
E:	Center strip of blocks	Cut (6) 1.5" x WOF Subcut (24) 1.5" x 9.5"
F:	Vertical sashing	Cut (4) 1.5" x WOF Subcut (18) 1.5" x 7.5"
G:	Horizontal sashing	Cut (5) 1.5" x WOF
H:	Top and bottom border strips	Cut (2) 2.25" x WOF
I:	Left and right border strips	Cut (4) 2.25" x WOF Join strips in sets of 2 for 2 long strips

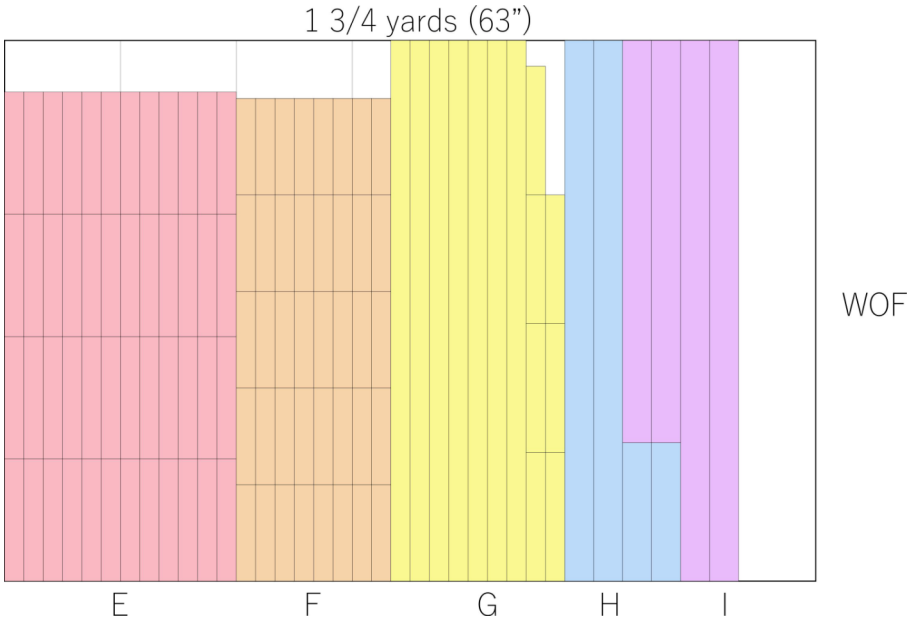
Below is a visual representation of the pieces you need for your quilt. Note that in the cutting chart above, it will say to cut a WOF strip. For clarity, in this diagram it shows the actual portion of the strip that will ultimately be used.



VISUAL CUTTING GUIDE: THROW SIZE QUILT

THROW – 1 3/4 yards		
E:	Center strip of blocks	Cut (12) 1.5" x WOF Subcut (48) 1.5" x 9.5"
F:	Vertical sashing	Cut (8) 1.5" x WOF Subcut (40) 1.5" x 7.5"
G:	Horizontal sashing	Cut (7) 1.5" x WOF Cut (2) 1.5" x WOF Subcut (7) 1.5" x 10" Join a 10" strip to each of the 7 WOF strips For (7) 1.5" x 50.5"
H:	Top and bottom border strips	Cut (2) 2.25" x WOF Cut (2) 2.25" x WOF Subcut (2) 2.25" x 31.25" and (2) 2.25" x 10.75" *[Save the 31.25" strips for use in vertical borders]* Join a 10.75" strip to each of the 2 WOF strips For (2) 2.25" x 50.5"
I:	Left and right border strips	Cut (2) 2.25" x WOF Locate the (2) 31.25" strips from the prior step. Join a 31.25" strip to each of your 2 WOF strips. For (2) 2.25" x 71"

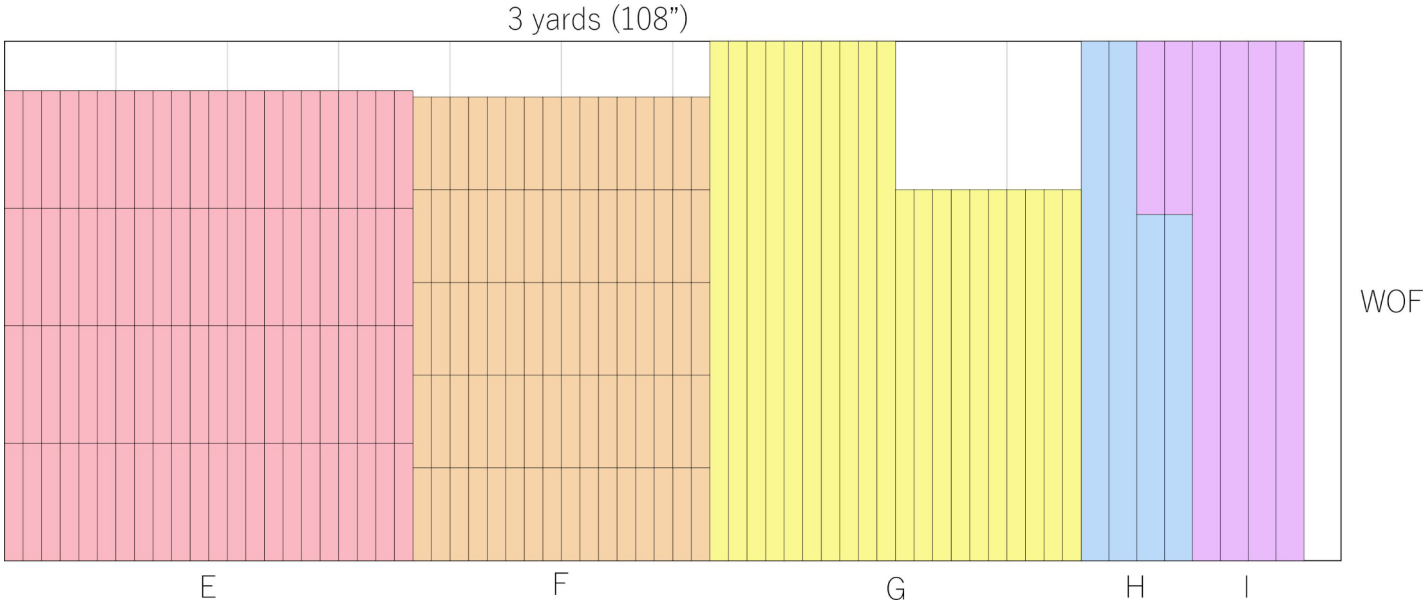
Below is a visual representation of the pieces you need for your quilt. Note that in the cutting chart above, it will say to cut a WOF strip. For clarity, in this diagram it shows the actual portion of the strip that will ultimately be used.



VISUAL CUTTING GUIDE: TWIN SIZE QUILT

TWIN – 3 yards		
E:	Center strip of blocks	Cut (22) 1.5" x WOF Subcut (88) 1.5" x 9.5"
F:	Vertical sashing	Cut (16) 1.5" x WOF Subcut (77) 1.5" x 7.5"
G:	Horizontal sashing	Cut (20) 1.5" x WOF Join strips in sets of 2 for 10 long strips Trim for (10) 1.5" x 71"
H:	Top and bottom border strips	Cut (2) 2.25" x WOF Cut (2) 2.25" x WOF Subcut (2) 2.25" x 28" and (2) 2.25" x 14" *[Save the 14" strips for use in vertical borders]* Join a 28" strip to each of the 2 WOF strips For (2) 2.25" x 67.75"
I:	Left and right border strips	Cut (4) 2.25" x WOF Locate the (2) 14" strips from the prior step. Join a 14" strip to (2) WOF strips. Repeat. For (2) 2.25" x 93.5"

Below is a visual representation of the pieces you need for your quilt. Note that in the cutting chart above, it will say to cut a WOF strip. For clarity, in this diagram it shows the actual portion of the strip that will ultimately be used.



TRAPEZOID CUTTING CHART / PLANNING TOOL

his is an optional tool!

Once your layout it set, it's time to write up a summary of the trapezoid pieces you'll need to cut out using your templates. You can use the chart below to help you. First, assign a number to each different fabric you're using. You can write the fabric name or a description of it next to the number if that'll help you keep things straight. Then start at the upper left hand corner of your layout and work your way through each row. For every trapezoid, identify the type of block it is part of (A, B, C, D - there is a print out in your pattern that shows this) and the fabric number. Find the number on your chart and mark a tally under A/B or C/D template according to which type of block that piece is used in.

When you're finished this will tell you how many A/B and C/D templates you need to cut out of each fabric. You should have 48 total A/B trapezoids and 48 total C/D trapezoids for a total of 96 to cut out. This is also a good time to think through each fabric and whether you have enough room to cut out the total trapezoids you've assigned to that fabric. For example, if this chart says you need 10 A/B trapezoids from fabric 1, but you only have a fat quarter of that fabric (which can yield 8 A/B trapezoids at most), you'll need to do some reshuffling on your layout.
